RESOLUTIONS.

The Sunday School of the Mt Vernon Christian Church, Mt Vernon, Kentucky, in regular session on Sunday, April 16, 1616, unanimously adopted the following resolutions:

First, That our school has sus tained a great loss, by the removal of our Superintendent, Mr. C. C. Davis, to Winchester. Kentucky, to be followed in a few weeks by his estimable wife and lovable

Second, That Mr. Davis was efficient and progressive as a Superintendent, untiring in his efforts, unselfish in his service, self-sacri ficing in his devotion, generous towards every appeal and loyal to every co-laborer.

Third, That a copy of these resolutions be sent to the Weokly Bulletin for publication, a copy to the Christian Church at Winchester, Kentucky, and a copy be published in the Mt. Vernon Sig-

"HOW TO BOOM A TOWN"

Not long since the SIGNAL cop following, recommended by the

Mt. Vernon has the distinction of having some men who are classy if not "classic, as "Boost-

While we, as an individual, may not be in sympathy with everything that is boosted, we can point with pride to several things that Mt. Vernon's business men in pushing to a satisfactory issue. First in importance is the "Good Roads" movement. .

brought to a successful termination, the bond issue in favor of Send for circulars and testimoni-High School and Good Roads are entitled to our gratitude and appreciation.

To the business men of Mt. Vernon we are indebted for the installation and excellent service rendered by our Light and Power

It may be said that we have passed the uncertain and doubtful stage in the bond issue campaign,

not only that, but the higher courts have decided that a twothirds majority is not necessary to decide a popular question that a majority are in favor of.

In otherwords the majority have a right to be favored rather than the minority. While we are commending ourselves and exending mutual congratulations for what has been accomplished, let us make a further survey of our social and civic environments.

With all of boosted improvements, may we quote from Holy Writ? "Yet lackest thou one thing. "Our Savior said: "Cleanliness is next to Godliness," one of our lawyers quoted on a recent occasion: Now the application, and by the way the most impor tant of all the measures we have

The one thing needed so much is WATER WORKS-we repeat, WATER WORKS.

We shall never get safely and permanently seated on the "Water Wagon" till we have Water Works, furnishing a bountiful supply for drinking and bathing as well as cooking and flushing our gutters and side walks.

There is no need of reminding our people of what they already know of the abundant supply of pure water near by and the typographic advantages of erecting water tower or resorvoir, the latter preferable. Furthermore, we need not point to, nor elaborate on the epidemic of typhoid fever, that has been, and remains a menace to our town and surrounding community. In our haste and zeal terprizes we have ignored, or at least neglected the most vital question to the progress of any community.

The sanitary condition of the

home, the school, the streets and allies, barns and hog pens chicken roosts and pig styes, are of far more importance than streets, side walks, lawns or back yards. The neglect of hygienic precaution in matters referred to involves the question of good health, yea, life tself, Sooner or later your life or mine or that of some loved one, may be the price paid for our pro crastination. It is only a ques tion of time when we'll have water works. The plan and rough esti mate of cash is practically understood by some of our business men. It remains for some man in whom we have confidence as a some other business man into his confidence and agree on a plan. The time is ripe for this initiative, and eliminating partisanship, and sacrificing some of our prejudices, we can and must have water, tresh water, clean water, in abundance. of our political sins, and we venture the assertion that enough money has been spent to have put a water plant in Mt. The score stood 15 to 6 in of August and September, 1902, favor of Stanford. On last Saturday the Stanford boys came to Mt. Vernon and defeated the Loyal Sons by the close score of 10 to Instead of the Mt. Vernon game being a pitchers' battle, it was said by some to have been an ampires' bettle. The box score of the Mt Vernon game would have appeared in this issue, but the score card was lost, and of course there was no way of duplicating. Stanford has a good working team, being especially strong in the out field. With Mt. Vernon practice and lots of it is what is needed before scheduling any more games with teams that have had anything like the practice that the Stanford boys have had. The feature of the Stanford game was Payne stealing home, on Stanford's crack catcher and pitcher.

A Good Meal Is Not Poetic But Sound Better.

To The Average Man The Material Comforts Count Most

For the average person un blessed with riches, it is the material comforts of life that count. That "we want but little here below" is a trueism, but to be without that little is keenest hardship. If a good meal isn't poetical, but the honest declaration, "I can eat a hearty meal without discomfort," has a better sound to the average man than the best line

ever penned by poet. It is after long loss that the material things, when won back, seem so much better.

Of all the ailments that afflict humanity, chronic dyspepsia is probably the most common. Its causes and characterizations are Board of the Presbyterian Church | many. Skilled specialists have was the guest of Langdon School been unable to cope with this almost universal malady, but Mother Nature in combination with skill and chemistry, has compounded in her exhaustable labratory a marvelous remedy for this

The symptoms of this common disease, which is only a forerunner of more complicated maladies, frequent nausea, pains in the region of the stomach, and a tired feeling, are only a few of the indications. Dyspeptics become listless, then morbid, are melancholy over trival things, have whimsical deas, besides physical sufferings, and with appetite gone, sleep fitful, dizzy spells and frequent nausea, life hardly seems worth living

Tanlac was designed to check this distressing condition, and to estore a healthy, normal appetite bring good, restful sleep--in short to restore the stomach to the habit of doing a full day's work, and doing it well.
